

LE THANH TUAN

BACKEND DEVELOPER

Da Nang City • 0378315207 • thanhtuanle939@gmail.com

<https://thanhtuanle-portfolio.vercel.app/>

SUMMARY

Motivated Fullstack Developer with nearly one year of hands-on experience in building and releasing production features. Strong interest in advancing career toward Backend Development and DevOps, with foundational knowledge of cloud services and CI/CD practices. Eager to learn, improve system performance, and contribute to scalable backend solutions.

WORK EXPERIENCE

Techzen Company Limited

Da Nang

Fullstack Developer

Mar.2025 - Present

- Developed and tested (Unit & Integration) new features using Vue.js and FastAPI.
- Worked with large-scale data: processed 2.5-3M records and optimized queries on 250M+ database rows.
- Improved system performance by optimizing SQL queries, boosting query speed by ~30%.
- Managed and deployed Azure services (Data Factory, Logic App App Insights, etc.) for automation and monitoring.
- Completed the company's internal DevOps training program.
- Experienced in working with Japanese clients.

Da Nang

Fullstack Developer Intern

Jan.2025 - Mar.2025

- Contributed to the development of Techeyes, an internal HR management product.
- Participated in new feature development within an Agile/Scrum workflow.
- Worked with a Vue.js frontend and Spring boot backend tech stack.

PROJECT

UTE-Scihub (Graduation Project)

[Github](#)

Mar.2025 - Jun.2025

- Developed a research topic management system for students to register and manage scientific projects.
- Used Spring Boot (Java) for the backend and React + TypeScript for the frontend.
- Deployed the application using Docker containers on Microsoft Azure.

EDUCATION

The University of Technology and Education - UTE

- Major: Information technology
- GPA: **3.5**

SKILLS

Java · Python · Spring · FastAPI · Vue · React · PostgreSQL · MySQL · Docker · CI/CD · Azure · English
